Marriage and Home.

Marriage may once have been comparable to a profession. It is not now. It may once, for woman, have been comparable to slavery. It is not now. Marriage, in fact, cannot be classed with anything but itself. It is a mixture of experience and duties on many different planes. So far as its spiritual demands go, it may ask of a woman, as of a man, all she has in her, or it may not. So far as its material demands go, it may require everything or nothing. It may of necessity fill her life or leave it empty. To call it a profession is to blur its meaning, for it is much more than this, and much less—Elizabeth Woodbridge in the Atlantic Monthly.

Resinol Soap a friend to poor complexions

Resinol Soap is not only unusually cleansing and softening, but its regular use helps nature give to the skin and hair that beauty of perfect health, which it is impossible to imitate. Tendency to pimples is lessened, redness and roughness disappear, and in a very short time the complexion usually becomes clear, fresh and velvety.

The soothing, restoring influence

that makes this possible is the Resinol which this soap contains and which physicians have prescribed for over twenty years, in Resinol Ointment, in the care of skin and scalp troubles. If the skin is in bad condition through neglect or an unwise use of cosmetics, Resinol Soap should be used by a little Resinol Ointment. Resinol Soap is sold by all druggists and dealers in toilet goods. For a trial-size cake and sample box of Resinol Ointment, free, write Dept. 10-P, Resinol, Baltimore, Md.

If Too Fat Get More Fresh Air

BE MODERATE IN YOUR DIET AND REDUCE YOUR WEIGHT WITH OIL OF KOREIN.

Lack of fresh air weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Speed as much time as you possibly can in the open air; breathe deeply, and get from any drugstore a box of oil of korein capsules. Take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you have lost ten pounds. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and is designed to increase the oxygen-carrying power of the blood. Even a few days' treatment should show

TURPIN, NOTED TANLAC MAN, MAY VISIT THIS CITY

Local Conditions Warrant, Health Advocate Will Introduce His Highly Interesting Views Here.

Mr. Edgar Griller, private secretary to W. J. Turpin, arrived in Tulsa yesterday. He comes here from the city of Chicago, where he is a noted health advocate. Mr. Turpin, who has attracted such general interest because of his views on health and hygiene.

"Mr. Turpin's views," said his secretary, "are based on that trait we all admire, but many of us lack—common sense. He believes that much of the illness of today is caused almost entirely by these habits which disfigure the modern white man from long ago, whether the savage."

"He claims further," continued his secretary, "that nine times out of ten sickness is the result, in some degree at least, of a disordered stomach, and that the disorders are due in a majority of cases to too much eating and drinking, and too little healthy outdoor exercise. It is always possible, Mr. Turpin holds, to make a common-sense effort toward healthful living, and in connection with the expression of his views that have been so generally accepted, he is introducing the new, popular preparation, Tanlac, to prove his ideas."

Tanlac is known generally as the stomach medicine. It is compounded wholly of herbs, roots, barks and flowers that come from the remotest parts of the world—from the far north woods to Russian Asia, and the ingredients are assembled under the formula held by Herr Joseph Trembach, the noted German chemist. Tanlac is believed to act more favorably on ailments of the stomach, liver and kidneys and on catarrhal affections of the mucous membranes than when neglected, so often affect the vital organs themselves, than any other preparation.

Tanlac is often called a combined health and accident insurance. In thirty states more than two million people have welcomed Mr. Turpin's views and have been benefited by Tanlac.

The agency for Tanlac is only awarded to one drug firm in each city, and Mr. Turpin personally supervises its introduction so that the most possible good may be done. Mr. Turpin's secretary is here personally investigating to see whether conditions in Tulsa will warrant the introduction here of the famous remedy.—Adv.

Cow Punchers Get Modern by Using Lights

RINGLING, Okla., Jan. 3.—Cow-punchers of Mud Creek have shown themselves a little in advance of the times by equipping their riding habits with pocket flashlights. In Dallas, Fort Worth, Oklahoma City, and some other cities of the southwest, has been much talk recently of ordinances requiring buggies, hacks and other vehicles not of the motor variety to be equipped with lights.

"Then city guys ain't got nothing on us, shucks," says a Mud Creek ranch employe. "We've been lit up with barbed electricity ever since Edison commenced outfitting the stuff around the trigger. We ain't afraid of no head-on collisions, shucks no, but when we meet a fellow in the darkness of a starless night riding kinder peart like up the big road, we want to see the color of his eyes; want to see if there's any cow-tuft sticking back there under the lather, or course if we have to let our front lights shine to help along the newspaper dope about safety first, jay-riding and the like, by gins, we'll put 'em out. We ain't nothin' if we ain't keepin' modern. Shucks."

The injured man was immediately brought to Drumright and his wounds dressed, and it is now thought that he is out of danger. "Blackie" escaped.

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonful for 50 Cents

If everything was sold in as liberal and fair a manner as the Quaker Drug Store is selling Schiffmann's New Expecto-rant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Croup or any Bronchial Affection, and we will return your money, just as we do with Schiffmann's famous Asthmador. If it does not give satisfaction, or if you do not find the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely in the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonfuls because they make a whole pint (128 teaspoonfuls) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthmador of "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, St. Paul, Minn.—Adv.
